

PRECOR[®]

EXPERIENCE[™] SERIES CARDIO

Your Choice of Cardio

INTRODUCING OUR CARDIO RANGE

Our Experience™ Series includes three lines of cardio equipment which can be paired with three types of console, leaving you with an endless variety of combinations.

UNDERNEATH IT ALL IS A STRONG FOUNDATION...

One production line for commercial quality

Regardless of how you mix it, rest assured that all Experience Series cardio models are built on a platform you can rely on. They all start with a commercial frame, produced in our US factory, ensuring we provide the highest quality.

With the foundation set, it is now time to configure your perfect cardio combination using our **simple 3 step process...**

A UNIQUE MIX-AND-MATCH PORTFOLIO TO MEET YOUR NEEDS

Pair any of our consoles with any Experience Series cardio models across the 800, 700, and 600 lines to find the best fit for your exercisers, facility, and budget.

1 CHOOSE YOUR LINE

600 Line	700 Line	800 Line
Value	Mid-Range	Premium

2 CHOOSE YOUR CONSOLE

P30

- Bluetooth® sign-in and headphone connectivity

THE PERFECT MIX FOR YOUR FACILITY

Mix and match to suit your facility, here are some suggestions...

	P30	P62	P82
600 Line			
700 Line			
800 Line			

 Premium Club	 Hotel
 Mid-market Club	 Corporate
 Budget Club	 Physiotherapy

“At the premium club I manage, our members not only expect a variety of entertainment options, but also a lot of features on the cardio equipment we provide.”

Mix & Match Suggestions:
800 Line + P82 Console = 880 Line

“We have three distinct peak traffic periods and our members expect the equipment to be available, up and running so they can get in a great workout efficiently, and have a choice of entertainment options.”

Mix & Match Suggestions:
700 Line + P82 Console = 780 Line
700 Line + P62 Console = 760 Line

“I manage a busy budget club. We have members coming in and out at all hours of the day. The equipment is rarely idle.”

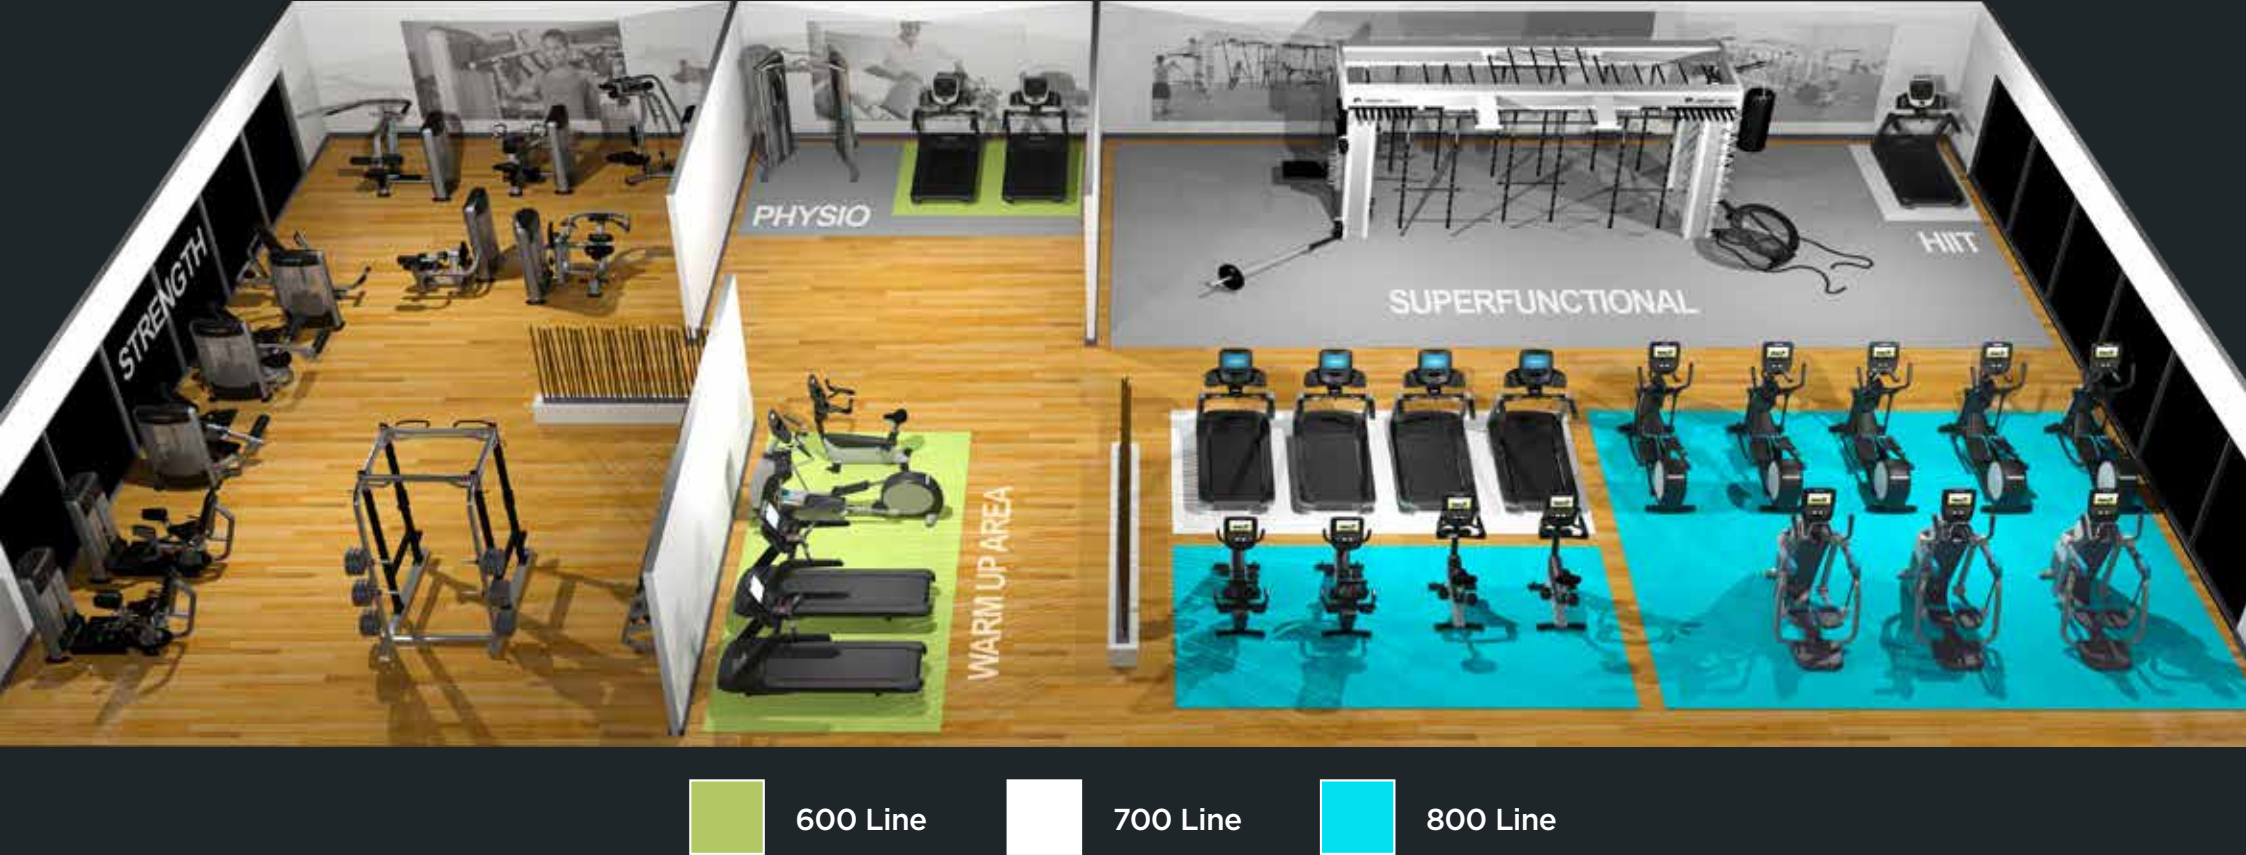

Mix & Match Suggestions:
700 Line + P30/P62 Console = 730/760 Lines

“I manage a small physiotherapy and we don’t charge much for use of the equipment. Mornings and evenings get a bit busy, but we’re slower during the day and our exercisers bring their own entertainment.”

Mix & Match Suggestions:
600 Line + P30 = 630 Line

FIT YOUR NEEDS AND BUDGET

Not all areas in your facility have the same requirements and needs. With the Precor cardio portfolio, you can choose from a variety of lines, while maintaining a consistent look and feel.
